MEMORANDUM FOR: [REDACTED]

Deputy Director for Research & Engineering  
National Security Agency

SUBJECT:

Additional Agenda Items for 17 October  
NSA Presentation to the Intelligence  
Research and Development Council

1. My memorandum to you dated 26 September 1974 listed several topics for your consideration in preparing the NSA presentation to the Council on 17 October. Several of the topics included in my memorandum reflected suggestions from some of the members.
2. The DIA member forwarded his comments/suggestions subsequent to transmittal of my memorandum. I am forwarding the DIA submission in its entirety as an attachment to this correspondence.
3. The agenda is now firm; hence, it will not be possible to address the DIA-suggested topics at the October meeting. In the interest of sorting out which of the DIA topics would be of common Council interest, it would be useful if, at the conclusion of your briefings, you would present the several additional topics suggested and solicit comments.

[REDACTED]
